The Policy Section includes those behaviors having disciplinary actions that shall be carried out by the school building administrators. The Policy Section applies to conduct on school grounds, in a vehicle owned, leased or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or his or her designee or at a school-sponsored activity or athletic event.

Compliance with the Student Code of Conduct is expected of all students. This Student Code of Conduct applies to secondary schools. Elementary school students will be disciplined as provided in the Elementary Discipline Guidelines.

Computers and all associated networks, communication facilities, data storage and transfer devices, printers, scanners, peripherals, and other associated equipment or facilities (referred to as “computing facilities”) are owned by the school district. The school district exercises exclusive control over this school property, and students should not expect privacy regarding their use of any computing facilities because school district property is subject to search and inspection at any time by school officials. This search and inspection includes but is not limited to electronic mail, Internet access, network access, file storage and transfer, and any personal computing, communication, and data storage devices used in conjunction with the computing facilities. Students are responsible for any use of computing facilities made by or through their account. Students are responsible for whatever is contained in computer files assigned to them.

Any student engaging in the inappropriate use of computing facilities identified below upon first offense will be denied access to the computing facilities for 15 school days or the remainder of the school year whichever comes first. Upon second offense the student will be denied access for 30 school days or the remainder of the school year whichever comes first. Upon the third offense the student will be denied access for 180 school days or the remainder of the school year whichever comes first. The disciplinary action prescribed by these rules may be supplemented by disciplinary action permitted by any other policy or practice of the Omaha Public Schools or by individual school rules as provided to the student in writing prior to its enforcement.

Students using computing facilities to access the Internet, an international computer network, are able to access computers and people all over the world. Sites exist on the Internet that contain illegal, indecent, defamatory, inaccurate, offensive material. The Omaha Public Schools does not condone students access to unsuitable materials, and it maintains software designed to prevent student access to such materials. The Omaha Public Schools also recognizes that it cannot control the information on other computer systems and that it may not be physically possible to screen out all such inappropriate information and materials. All student Internet activities are subject to being monitored.

Online Safety and Privacy – Students are reminded to follow the safe Internet communications practices outlined below:
A. Never tell anyone personal information about yourself.
B. Never meet anyone in person who you have met online.
C. Remember never to write any personal things about yourself in your online profile.
D. Be civil and polite online.
E. If people are conducting themselves poorly online, leave and report the conduct to a teacher.
F. Report any activity that makes you uncomfortable or if someone sends you inappropriate e-mail.
G. Remember that you never really know who the other person is online.
H. Don’t do things online that you know you would not do in real life.

It is the primary responsibility of the parent(s) and guardian(s) to establish and convey the standards that their student should follow. In support of parent(s) and guardian(s) the Omaha Public Schools will enforce the minimum appropriate computer use standards set out below. If a student uses a computer or the Internet inappropriately, he or she will be subject to the disciplinary actions stated above.

Inappropriate use of computing facilities shall be defined as:
1. The creation, display, access, transmission, reception, exchange or distribution of any text, image or sound that is indecent, obscene, racist, sexist, pervasively vulgar, defamatory, illegal, or that promotes harm to self or others or otherwise in violation of the Omaha Public Schools Internet Safety Policy. (Disciplinary action may be supplemented by Guidelines Section 3.a. and 3.c. of the Student Code of Conduct.)
2. Using computing facilities to harass or threaten individuals or groups. (Disciplinary action may be supplemented by Guidelines Section 1.m. of the Student Code of Conduct.)
3. Vandalizing computing facilities. This includes any attempt to alter or destroy data of another user or to endanger the integrity of a computer or computer network or the data stored thereon (including the introduction of any virus, time bomb, trojan horse or the like), any deletion of or alteration to system files or data, and damaging equipment. The unauthorized examination or copying of files or data belonging to others is also defined as vandalism. (Disciplinary action may be supplemented by Guidelines Section 2.f. of the Student Code of Conduct.)

4. Violating copyright law. This includes using unauthorized copies of software, music, photographs, movies or any other audiovisual or multimedia work and making, transmitting, receiving, exchanging and/or distributing such unauthorized copies. Violating copyright laws will be considered theft. (Disciplinary action may be supplemented by Guidelines Section 2.a. of the Student Code of Conduct.)

5. Plagiarizing computer-based copyrighted materials in reports and assignments is also defined as inappropriate use. (Disciplinary action may be supplemented by Guidelines Section 2.a. of the Student Code of Conduct.)

6. Gaining or attempting to “hack” or otherwise gain unauthorized access to computers, computer networks, or computer files or data. This includes, but is not limited to, exceeding the authority granted or attempting to evade security restrictions or software designed to prevent or monitor inappropriate access to the Internet or networks.

7. Gaining or attempting to gain unauthorized access to a personal account or file of another individual.

8. Forgery of or interference with electronic mail messages. This includes impersonation of another person while sending e-mail messages, using a false or anonymous name, age, gender or identifier, and the reading, deleting, copying or modifying of any other person’s electronic mail.

9. Using computers or computer networks to commit, facilitate, encourage or promote illegal acts.

10. Using computers or computer networks to commit, facilitate, encourage or promote the unauthorized or fraudulent use of a credit card.

11. Using computers or computer networks for a non-educational purpose, such as advertising, games, or commercial purposes (Refer to “Advertising in the Schools”).

12. Giving another individual a personal password or letting another individual use a personal account.

13. Knowingly introducing materials forbidden by the Omaha Public Schools into the Omaha Public Schools computers and/or systems via any electronic storage media. This is defined as indecent, obscene, racist, sexist, pervasively vulgar, defamatory, offensive, or illegal material, or materials promoting harm to self or others. (Disciplinary action as outlined above may be supplemented by Guidelines Section 3.a. and 3.c. of the Student Code of Conduct.)

Administrators will make a contact in writing and, if possible, verbally, informing the parent of the situation and decision regarding any loss of computer access. Due process procedures for short-term suspensions will be followed, except where imposition of a more severe penalty under the Student Code of Conduct dictates a different procedure.

i. Laser Pointers
Student possession or use of a laser pointer without explicit prior written permission of the principal is prohibited.

First Offense: Student Success Center 1-3 days, Saturday School or Suspension After School and confiscation of the laser pointer with return only to parent/guardian following a conference.

Second Offense: Confiscation of laser pointer until the end of the semester, parent/guardian conference and short-term suspension.

Third Offense: Confiscation of laser pointer until the end of the school year. Long-term suspension.

j. Other Offenses
Offenses not covered in the Policy Section or Guidelines Section may be subject to disciplinary penalties as administered in the past provided all students have been properly notified of the school rules covering the offenses as well as the possible penalties for violating school rules. Administrative and teaching personnel may take actions regarding student behavior, other than those specifically provided in the Student Discipline Act, which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but need not be limited to, counseling of students, parent conferences, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extra-curricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation.
WEAPON POSSESSION

Students may not be in possession of weapons of any type. If at any time a student discovers that he or she has possession of a weapon other than a firearm/gun the student must immediately turn the weapon in to the nearest teacher, counselor, administrator or other school staff person. If the student immediately turns in a weapon, the student will not face the consequence for weapon possession. If, however, the student continues to possess the weapon, to go on to further classes, to display the weapon to other students, or otherwise does not take the immediate action of reporting, the student will be subject to expulsion as defined in the Code of Conduct.

Notice To All Students

The items below are used as tools in some of your classes:

exacto knives, art knives, any item having a blade, blades of any kind, scissors, kitchen knives, awls, screwdrivers, punches, hammers, vise grips, and any other tool that may be used in a class.

Take the tools out of class or bring them from home and they become weapons. Possession of these items may result in expulsion for two semesters for knives and one semester for unauthorized tools.

Examples of some, but not all, unauthorized tools are shown below:

Examples of some, but not all, knives are shown below:

STOP!
Leave Them In Class! Don’t Bring Them!

Any object which could be used to injure another person and which has no school related purpose for being at the time in the student's possession will be considered a weapon for purposes of the Student Code of Conduct or Elementary Discipline Guidelines.

WEAPON POSSESSION – Read Carefully

Students may not be in possession of weapons of any type. If at any time a student discovers that he or she has possession of a weapon other than a firearm/gun the student must immediately turn the weapon in to the nearest teachers, counselor, administrator or other school staff person. If the student immediately turns in a weapon, the student will not face the consequence for weapon possession. If, however, the student continues to possess the weapon, to go on to further classes, to display the weapon to other students, or otherwise does not take the immediate action of reporting, the student will be subject to expulsion/consequences as defined in the Code of Conduct or Elementary Discipline Guidelines.
MISCONDUCT BETWEEN SEMESTERS OR BETWEEN SCHOOL YEARS

If misconduct otherwise covered by the Code of Conduct occurs between semesters or between school years, the penalties provided for in the Code of Conduct shall be enforced during the next semester except for violations of Guidelines Section 4.a. (first offense) and 4.c. (second offense) which occur between school years. For these two types of misconduct, the registration for and completion of a District substance abuse assessment may take place prior to the beginning of the next semester if either a hearing on the misconduct is waived or any hearing requested is completed sufficiently in advance of the beginning of the next semester to permit successful completion of the assessment prior to the beginning of the next semester. If the assessment is successfully completed prior to the beginning of the next semester, no additional disciplinary action shall be imposed on the student for this particular misconduct except for punishments imposed by “SPECIFIC BEHAVIOR RULES FOR PARTICIPANTS IN ATHLETICS OR OTHER CO-CURRICULAR ACTIVITIES.” If the assessment is not successfully completed prior to the beginning of the next semester, the penalties otherwise provided for in the Code of Conduct shall be enforced on the student during the next semester.

PRACTICES REGARDING MAKEUP WORK DURING SUSPENSION

Students will be given an opportunity and must assume responsibility for making up work, including tests, missed during suspension. Completion of makeup work is equal to the time the student has been suspended from school but is not to exceed ten (10) days. Credit will be awarded for acceptable makeup work.

IMITATION CONTROLLED SUBSTANCE

An imitation controlled substance is a substance that looks very much like an illegal drug and is said to be an illegal drug, but is not an illegal drug. The following are to be considered in determining whether a particular pill/capsule is an imitation controlled substance:

1. The substance is said to produce the same or similar effects as the illegal drug or substance;
2. The person who has it or who is distributing it says that it is a specific illegal drug;
3. The person who is selling it charges more per pill/capsule than the pill/capsule’s contents usually sell for;
4. The pill/capsule is packaged in the same or similar bottle or box as the illegal pill/capsule drug;
5. The pill/capsule looks like the illegal drug it is said to be.

SCHOOL LOCKERS, STUDENT AUTOMOBILES AND STUDENTS’ PERSONS

1. Student Lockers
   Student lockers, desks and other such property are owned by the school. The school exercises exclusive control over this school property, and students should not expect privacy regarding items placed in school property because school property is subject to search at any time by school officials. Students are responsible for whatever is contained in desks and lockers issued to them by the school.

2. Student Automobiles
   Automobiles parked on school property are subject to search by the principal or the principal’s designee if the principal or his or her designee has reasonable cause to believe that contraband is in or on the automobile.

3. Students’ Persons
   Students and their personal effects are subject to being searched by the principal or his or her designee if there is reasonable cause to believe that the student is in possession of contraband or evidence indicating that the student has otherwise violated the Student Code of Conduct. This includes all student pockets, purses, backpacks, other kinds of carrying devices, and any personal computing, communication, and data storage devices. If the student does not allow the search, Law Enforcement shall be called.

POLICY 6.26 - DRUG SEARCHES BY POLICE/SHERIFF CANINE UNITS

The District retains the right to utilize the services of Omaha Area Law Enforcement Authorities Canine Units in the detection of illegal drugs and/or contraband at any time, announced or unannounced at the District’s secondary schools.

1. A building principal (in consultation with District Operational Services Office of School Safety) may request the canine unit be utilized to search all inside areas of a school building at a time when students are not present.
2. A building principal (in consultation with District Operational Services Office of School Safety) may request that a canine unit be utilized to search vehicles in a school parking lot or in other areas where student vehicles are parked during or after school hours. If a dog alerts to a student’s vehicle, the student will be required to unlock the vehicle doors and trunk for internal inspection. Any refusal to unlock the vehicle will be handled by law enforcement.
3. Any illegal drugs and/or contraband found on school grounds, whether in a student locker, vehicle, or any other place on school grounds, will be confiscated and the student may be subject to disciplinary action specified in the Student Code of Conduct.
4. The student’s parent(s) or guardian(s) shall be notified should illegal drugs and/or contraband be discovered.
5. This policy shall be included in the student handbooks. This policy shall not be implemented until parents and student are provided written notice of this policy.
SURVEILLANCE CAMERAS – STUDENTS

Surveillance cameras are located on all school buses and in various public spaces in school buildings. These cameras are present to assist school officials in providing a safe learning environment for all students. Videotapes from these cameras, although otherwise confidential student records, may be reviewed in the presence of school officials by parents of students being disciplined as a result of misconduct recorded on tape and may be used as evidence in student hearings. Students should know that they have no expectation of privacy in those places where surveillance cameras are installed and that student hearing records become public records if a student in an appeal to the Ad Hoc Student Discipline Hearing Committee of the Board of Education requests a public hearing on the appeal or files a lawsuit challenging the decision of the Committee.

CELLULAR TELEPHONES, ELECTRONIC COMMUNICATION DEVICES, RECORDING DEVICES

Students are encouraged to bring only necessary materials to school in order to maintain a school environment where all students may reach their potential. Unnecessary items can be distractions to the learning environment and create unnecessary opportunities for theft for which the school cannot be held responsible. A student who is in possession of a cellular telephone or other electronic communication device (ECD) must keep the device turned off during the school day. A student may only place a call on a cellular telephone or ECD with permission of a teacher or administrator. Misuse of a cellular telephone or ECD during the school day is prohibited (i.e., person-to-person communications, game playing, text messaging, pictures, video, accessing web pages, the Internet and/or any feature provided by such devices). If a cellular telephone, or electronic communication device causes any distraction to the learning environment, the building administrator may select an appropriate consequence depending on the continuing severity of the distraction to the learning environment. The school accepts no responsibility for cellular telephones and electronic communication devices present on campus.

BOOK BAGS – GRADES 7-8

To ensure the safety and security of staff, students, and visitors to middle school buildings, the following items are banned from use by students in middle schools: book bags, totes, backpacks, duffel bags, briefcases, luggage or storage containers used to carry items. These items can be brought to school, but are no longer allowed to be carried from class to class, but must be stored in lockers during the school day. All lockers and their contents are subject to random searches by school staff without prior notification to students.

YOUTH GANG APPAREL, POSSESSIONS AND BEHAVIORS

For the safety and welfare of students and the continued maintenance of a positive and secure learning environment the following rules relative to youth gang apparel, possessions and behaviors apply to all students on school grounds or at school activities:

1. Dress as identified by the Omaha Public Schools as gang related apparel is not allowed. Any item worn or carried to identify a person as a gang member is not allowed.
2. Bookbags, purses, pouches and similar items are subject to inspection when reasonable suspicion exists that these items contain objects prohibited on school grounds or at school functions.
3. Writing gang graffiti, possessing items containing gang graffiti, possessing pagers/beepers or the display of gang hand signs are an indication of gang involvement and are not allowed.

Violations of the above will result in disciplinary actions. On the first offense students will be directed to change clothing, turn in possessions and/or discontinue behaviors related to youth gangs. In each instance parents will be contacted and appropriate counseling options discussed. If students do not follow directions, on second offense they will be placed in Student Success Center, Saturday School or Suspension After School or suspended from school depending upon the disruption or potential disruption resulting from the behavior(s). Subsequent offenses may result in reassignment or expulsion.

DATING VIOLENCE PREVENTION (POLICY 6.36)

The Omaha Public Schools prohibits behavior that has a negative impact on student health, welfare, safety, and the schools’ learning environment. Inappropriate behavior, including but not limited to, dating violence will not be tolerated. Dating violence means a pattern of behavior where one person uses threats of, or actually uses physical, sexual, verbal, or emotional abuse, to control his or her dating partner. Dating partner means any person, regardless of gender, involved in an intimate relationship with another person primarily characterized by the expectation of affectionate involvement whether casual, serious, or long-term. The District will provide appropriate training to staff and incorporate within its educational program age-appropriate dating violence education that shall include, but not be limited to, defining dating violence, recognizing dating violence warning signs, and identifying characteristics of healthy dating relationships.

BEHAVIOR RULES FOR CONDUCT OFF SCHOOL GROUNDS, NOT AT A SCHOOL FUNCTION

It is the belief of the Omaha Public Schools that it is important to support the total student. Expectations for our students go beyond the school day and into the community. We believe that part of learning is accepting responsibility for one’s actions. Thus, the school district is extending its authority to hours and places beyond the regularly perceived boundaries when conduct off school grounds causes substantial disruption to the school environment. Our intent is to support all students in their decision-making and their development into responsible adult citizens while serving as a deterrent to certain unlawful behaviors. Students engaged in inappropriate conduct off school grounds may be disciplined as provided for in the rules governing participation in co-curricular activities.
Disciplinary Action

Any student engaging in behaviors off school grounds that substantially disrupt the school environment and that violate the Code of Conduct may be subject to:

1. Emergency exclusion if the student’s conduct presents a clear threat to the physical safety of himself, herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education;
2. Suspension by the principal for up to five (5) school days; and
3. Participation in and successful completion of a District substance use screening by a qualified community provider or community counselor at the discretion of the District/school administration.

School Building Administrators will:

Take action based upon first hand information. This may include contact with witnesses to the student’s prohibited conduct.

Prior to any decision, the building administration must confer with the student to inform him/her of the charge and the available information, give the student an opportunity to tell his/her version of the incident, weigh the evidence as to the offense, make a decision whether the student engaged in the prohibited conduct and then inform the student of his/her decision.

Both a contact in writing and, if possible, an oral communication, informing the parent of the information and decision will be made.

The building administrator will inform the office of the Department of Community, Schools and Family Engagement of the action taken.

Appeal Process

Nebraska statutory provisions regarding short-term suspension and emergency exclusion shall apply to each of these disciplinary measures respectively.

BEHAVIOR RULES FOR PARTICIPANTS IN CO-CURRICULAR ACTIVITIES AND ATHLETICS

Students who participate in extracurricular activities are deemed to be held to a higher standard when it comes to representing their respective schools – both on- and off-campus. It is therefore critical for those students to always be mindful of their behavior, and how it reflects on their schools.

A substantial disruption to the school environment is not required in order to be suspended from participation in co-curricular music/sports/clubs.

In addition to any other discipline imposed for violations of the Student Code of Conduct or for violations of the behavioral rules for conduct off school grounds, not at a school function, any student participating in any co-curricular music/sports/club at the time the student commits the violation will be subject to suspension from participation in said activity or activities as described below. The sanction shall be implemented upon confirmation and notice to the student by the school administration, and the sanction applies to all activities, public or private, that occur on school property or at a school function. In addition, the teacher/coach/sponsor may impose other sanctions as permitted and described pursuant to “Rules Regarding Other Conduct” in the Student Code of Conduct.

First Offense: 15 Activity Days upon confirmation and notice to the student.
Second Offense: 90 Activity Days upon confirmation and notice to the student.
Third Offense: 180 Activity Days upon confirmation and notice to the student

School Building Administrators will:

Take action based upon first hand information. This may include contact with witnesses to the student’s prohibited conduct.

Prior to any decision, the building administration must confer with the student to inform him/her of the charge and the available information, give the student an opportunity to tell his/her version of the incident, weigh the evidence as to the offense, make a decision whether the student engaged in the prohibited conduct and then inform the student of his/her decision.

Both a contact in writing and, if possible, an oral communication, informing the parent of the information and decision will be made.

The building administrator will inform the office of Department of Community, Schools and Family Engagement of the action taken.

Appeal Process

1. Any student suspended from participation in co-curricular and athletic activities may appeal the suspension to the Department of Community, Schools and Family Engagement. Any such appeal must be in writing and must be received by the Administrator’s Office within seven (7) calendar days of receipt of the written notice of suspension.
2. If the student disagrees with the decision of the Department of Community, Schools and Family Engagement Administrator/Hearing Officer, he or she may appeal the decision to the Coordinator of Department of Community, Schools and Family Engagement. Any such appeal must also be in writing and must be received by the Coordinator of Department of Community, Schools and Family Engagement within seven (7) calendar days of receipt of the written notice of the Administrator’s decision.
RULES REGARDING OTHER CONDUCT

Individual coaches, activity sponsors or staff responsible for an activity may impose participation restrictions or eligibility restrictions for participation in co-curricular activities on students for behavior other than those listed above provided:

1. Students and parents have first been advised of the participation/eligibility rules and the types of misbehavior that would cause a student to become subject to such participation and/or eligibility restrictions.
2. Restrictions and/or ineligibility are imposed only after the coach, activity sponsors or responsible staff has:
   a. investigated the alleged misbehavior;
   b. given the student written or oral notice of the charges against him/her;
   c. explained the evidence against the student;
   d. given the student a chance to tell his or her version of what happened; and
   e. the coach, activity sponsors or responsible staff has decided the student, in fact, violated the participation and/or eligibility rules.

The student has the right to appeal the individual coach’s, activity sponsor’s or responsible staff’s decision, as specified above, to the school principal.

STUDENT SUCCESS CENTER PROGRAM (SSC) STATEMENT OF PHILOSOPHY

The Student Success Center (SSC) Program has been provided to students as an effort to keep students in school and to minimize absences. Students are assigned to the SSC as outlined in the Student Code of Conduct. In the SSC room, students work in a closed classroom environment, which minimizes distractions while allowing them to focus on their needs, both academically and socially. Components of the SSC include individual guidance and instruction on writing skills, study skills, social skills, and conflict resolution. The SSC encourages students to accept responsibility for their actions.

Specific procedures for the SSC Program may be found in the white pages of the Student Handbook.

SECONDARY TRANSITION PROGRAMS

The secondary school transition programs provide on-site behavioral intervention for students. Students are assigned to the transition program through the Student Assistant Team (SAT) problem solving process. Students work in the transition room to acquire the necessary skills to be successful in the school setting, while receiving support to stay on track academically. The transition room staff provides coordination of intervention for each student.

SATURDAY SCHOOL/SUSPENSION AFTER SCHOOL

Schools have two options in addition to the Student Success Center Program. One option is Saturday School, the second option is Suspension After School. These options are available as alternatives and may be utilized at the discretion of the building administration.

Saturday School requires that the student spend a block of time at school on a Saturday morning(s). Exact time(s) will be determined by the building principal. Transportation will not be provided to or from Saturday School.

Suspension After School requires that the student spend a block of time after school as determined by the building principal. Transportation will be provided for eligible students.

DUTY OF SCHOOL EMPLOYEES TO REPORT CHILD ABUSE

Nebraska statutes (Sections 28-710 and 78-711) impose on any school employee who has reasonable cause to believe that a child has been subjected to abuse the duty to report such incident or to cause a report to be made to the proper law enforcement agency or to the Child Protective Services. Abuse of a child includes, among other situations, placing a minor child in a situation that endangers the child’s life or physical or mental health.

STUDENT RECORDS

Any person other than the student, his/her parent(s), guardian(s), teachers, counselors, or school officials, may gain access to the student’s records or file by presenting the original copy of a release of information statement prepared and signed by the parent(s) or student if over 18 stating the specific items to be released and to whom the information is to be given. Records are also released to other educational institutions as provided for in the Federal Act without prior parental or student consent.

The Family Educational Rights and Privacy Act (FERPA) affords parent(s)/guardian(s) and students 18 years of age or older (“eligible students”) certain rights with respect to the student’s education records. These rights are:

1. The right to inspect and review the student’s education records within 45 days of the day the School District receives a request for access. (By action of the School Board the number of days for the school to act has been shortened to 10.) Parent(s)/guardian(s) or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student’s education records that the parent(s)/guardian(s) or eligible student believes are inaccurate or misleading. Parent(s)/guardian(s) or eligible students may ask the School District to amend a record that they believe is inaccurate or misleading. They should write the school principal or the Student Information Services Office (3215 Cuming St. Omaha, NE 68131-2024), clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the School District decides not to amend the record as requested by the parent(s)/guardian(s) or eligible student, the School District will notify the parent(s)/guardian(s) or eligible student of the
decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent(s)/guardian(s) or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School District as an administrator, supervisor, instructor, or support staff member; a person serving on the School Board; a person or company with whom the School District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent/guardian or student serving on an official committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the School District discloses education records without consent to officials of another school district or school in which a student seeks or intends to enroll. Upon request, the School District also discloses education records of former students, without consent to officials of another school district or school in which the former student is then enrolled.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue SW, Washington, DC 20202-4605

DIRECTORY INFORMATION

FERPA does permit the School District to disclose appropriately designated “directory information” without written consent unless a parent/guardian or eligible student advises the School District to the contrary in accordance with School District procedures. The primary purpose of directory information is to allow the School District to include this type of information from a student’s education records in certain school publications. Examples include:

- A playbill, showing a student’s role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity programs showing weight and height of athletic team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent’s or eligible students prior written consent.

The School District has designated the following types of information as directory information:

1. Name
2. Grade level
3. Date and place of birth
4. Dates of attendance
5. The current and the most recent educational agency or institution attended
6. Major field of study
7. Degrees, honors, and awards received
8. Participation in officially recognized activities and sports
9. Weight and height of members of athletic teams
10. Photograph

The School District no longer lists address, phone number and parent name as directory information, in an effort to protect students and parents from disclosure of this information for non-school purposes. However, there are many school-related purposes for disclosing addresses, phone numbers, and parent names: for example, scholarship organizations, news articles on student achievement, class ring manufacturers, year book publishers, college recruiters, and senior picture photographers. Therefore, the School District annually requests written consent from parents to release addresses, phone numbers, and parent names for these types of limited purposes, which are detailed on the release. The release is distributed at the beginning of the school year and can also be obtained at any time by contacting Student Information Services, 3215 Cuming Street, Omaha, Nebraska 68131-2024. We encourage parents to sign the limited release.

Parent(s)/guardian(s) and eligible students who do not want directory information to be available must notify the principal of the school the student is enrolled in or the Student Information Services office at 3215 Cuming Street, Omaha, Nebraska 68131-2024.

In addition to disclosure of directory information, federal law also requires school districts to release to military recruiters and institutions of higher education, secondary school students’ names, addresses and telephone listings, unless parents and/or secondary students request that this information NOT be released to these institutions without their prior written consent.

Parent(s)/guardian(s), eligible students or secondary students who do not want their name, address, and telephone listing to be released to military recruiters or institutions of higher education must notify the principal of the school the student is enrolled in or the Student Information Services office at 3215 Cuming Street, Omaha, Nebraska 68131-2024.

Students and parent(s)/guardian(s) have the right to obtain a copy of the policy of the School District on student records. Copies of the policy are on file in the Student Information Services office, School District of Omaha, 3215 Cuming Street, Omaha, Nebraska 68131-2024.
PROTECTION OF PUPIL RIGHTS AMENDMENT (PPRA)

PPRA affords parents/guardians certain rights regarding our conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

1. Political affiliations or beliefs of the student or student's parent(s)/guardian(s);
2. Mental or psychological problems of the student or student's family;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating, or demeaning behavior;
5. Critical appraisals of others with whom respondents have close family relationships;
6. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
7. Religious practices, affiliations, or beliefs of the student or parent(s)/guardian(s); or
8. Income, other than as required by law to determine program eligibility.

Receive notice and an opportunity to opt a student out of –

2. Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, height and weight, oral assessment, or any physical exam or screening permitted or required under State law; and
3. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.

Inspect, upon request and before administration or use –

1. Protected information surveys of students;
2. Instruments used to collect personal information from students for any of the above marketing sales or other distribution purposes; and
3. Instructional materials used as part of the educational curriculum.

These rights transfer from the parent(s)/guardian(s) to the student who is 18 years old or an emancipated minor under State law.

The Omaha Public Schools (OPS) has developed and adopted policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. OPS will directly notify parent(s)/guardian(s) of these policies at least annually at the start of each school year and after any substantive changes. OPS will also directly notify, such as through U.S. mail or e-mail, parent(s)/guardian(s) of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of participation of the specific activity or survey. OPS will make this notification to parent(s)/guardian(s) at the beginning of the school year if the District has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities schedules after the school year starts, parent(s)/guardian(s) will be provided reasonable notification of the planned activities and surveys. Parent(s)/guardian(s) will also be provided an opportunity to review any pertinent surveys. Following is a list of the specific activities and surveys covered under this requirement:

- Collection, disclosure, or use of personal information for marketing, sales or other distribution;
- Administration of any protected information survey not funded in whole or in part by ED; and
- Any non-emergency, invasive physical examination or screening as described above.

Parent(s)/guardian(s) who believe their rights have been violated may file a complaint with: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue SW, Washington, D.C. 20202-5901.

After FIFTEEN cumulative days of unexcused absences a letter will be sent to the parent or guardian by the designated school official. This letter shall provide notice to the parent/guardian that the District may refer the absences of the child to the county attorney upon twenty days of unexcused absences. This letter shall also provide notice to the parent or guardian that they may request a meeting to review the collaborative plan.
Reporting Excessive Absenteeism to the County Attorney:
The District may report to the county attorney when the school has documented the efforts made as required by

more than twenty days per year. The school shall also provide notice to the parent/guardian prior to the referral
to the county attorney being made.

A referral cannot be made to the county attorney’s office until at least 20 days; however the school may involve
the county attorney at any point in the process of addressing the student’s absences.

The school’s Attendance Team will be responsible for implementing and monitoring this process.

The following circumstances will not be counted toward intervention as required by Neb. Rev. Stat.
§ 79-209:

Excused absences will include:
1. School Sponsored Activities
2. Bereavement – The student is attending a funeral.
3. Court/Legal Appearance – The student is required to attend a court or legal proceeding.

5. Medically Excused – A doctor’s note is provided to explain the absence, or the school nurse is required to
send the student home. Absences related to the student’s hospitalization or a long term or chronic illness
while under the care of a licensed physician will be considered excused.

3. Unverified – No one has contacted the school, or the school has been unable to confirm the reason for
   the absence, or the school has not confirmed the reason for absence

Tardiness
Students who report to class after class has started or leave school before the end of the school day will have
the total time missed calculated and will become an absence when it is equal to the length of the school day.

Repeated tardiness will be reported to parents.

SENIOR HIGH SCHOOL ATTENDANCE PRACTICES

Student attendance in school is the key to learning. The goal is for each student to be in class every day, on
time. The responsibility for attendance is shared by the student, the parent, the teacher, and other school staff.
Although each person’s performance affects reaching the goal, everyone will be responsible for his/her actions
and consequences for their actions will follow.

STUDENTS:
High school students have the primary responsibility to be at school on time, every day, and to
report on time to their assignment each period. All absences, except for school sponsored activities, shall
count as an absence from school. Because the work covered in each class period is important, any absence from
class affects student performance.

Students who are absent more than ten days a semester will most often have difficulty completing required work
at a passing level. Students enrolled in schools with block scheduling will most often find it difficult to complete
the required work at a passing level if they are absent more than five days a quarter. Marks will be determined by
teacher evaluation of student participation and completed work.

Students have the responsibility to make arrangements for makeup instruction and to promptly complete all
work missed due to absences.

Promptness to class is also very important. Practices dealing with tardiness must be in place at the classroom
and school level and be communicated clearly to all students.

PARENTS:
Parents have the responsibility to emphasize the importance of school attendance and see that the
student is in school on time every day. Parents shall call the school if a student is absent and shall provide
appropriate written notice including doctor’s notes if applicable.

Parents have the responsibility to encourage their students to make up work promptly.

Parents should attend parent teacher conferences and contact the teacher, principal or other school official
if they have questions.

Parental involvement in or attendance at school events and activities supports the importance of school and
also creates better understanding and communication.
**TEACHERS:**
Teachers must provide the classroom climate, instruction and acceptance of all students that promotes learning and good attendance. Clear expectations for student performance and activities that are an essential part of instruction must occur at the very beginning of each class as well as throughout the class period.

Teachers are responsible for assisting students to complete makeup work following the student’s absence.

Teachers must keep accurate records and maintain contact with parents. The parent must be considered an extension of the instructional plan.

**ADMINISTRATIVE AND SUPPORT STAFF:**
Principals, Assistant Principals, Counselors, and other support staff must demonstrate a firm but caring demeanor that communicates high expectations and concern for the individual.

Parents must be informed of cumulative absences at regular intervals.

Students who are absent must be given the support, encouragement and instructional help they need to master the appropriate learning outcomes. Although any absence may lower a student’s academic achievement, the goal shall be to support the student in learning with the overall goal to be mastery of learning outcomes.

**DRESS AND PERSONAL APPEARANCE**
Your personal appearance is basically your and your parent(s) concern. However, the administration of a school has the responsibility to help students develop good taste in manners of dress and appearance. The development of good judgment in personal appearance should be a cooperative effort between the school and the home.

The following general statements apply to all students.
1. The nature of your appearance should contribute to a positive learning environment.
2. Interpretation of the rights of a minority of the student body should not be such that it negatively influences the general image of the student body or that of the school.
3. Appropriate dress for some activities and learning situations are not necessarily appropriate for others. The health and safety of the individual will not be jeopardized in favor of his/her personal preference as to appearance and attire.
4. Shoes and shirts are essential for proper attire. Hats and hair in curlers are not considered proper attire.
5. Printed wording or pictures on clothing that advertise or promote alcohol or drugs or carry derogatory connotations, etc., are prohibited.

Students who are not dressed appropriately may be requested to go home and return to school properly dressed.

Standards of dress also includes the wearing of caps and gowns by seniors at Commencement Exercises. This public function is memorable for the graduating seniors of the Omaha Public Schools and the wearing of caps and gowns lends the proper dignity to the occasion.

**HEALTH SERVICES**
The activities of the health program are implemented at the building level by a registered nurse who is part of the educational team and who is involved with identification, evaluation, and care for the individual health needs of all students.

An ill or injured student may not leave the school until permission of the parent, or the person designated by the parent, has been received by the nurse or designee.

A Health Record is on file for each student in the health office and student health information is entered electronically in Infinite Campus in the health tab on all OPS students. Students are requested to update this information by reporting to the nurse any booster shots, new glasses, or any other pertinent information.

**SPECIAL HEALTH NEEDS**
It is imperative for parents to notify the school of any health needs/concerns their child may have, such as asthma, seizure disorders, severe allergy, diabetes, blood disorder, etc.

Students must provide all medications and medical supplies for special health care procedures, including blood glucose monitors, inhalers, tubing for nebulizers, catheterization supplies, etc. Medications and certain medical procedures require authorization from the parent/guardian and Health Care Provider.

**PROCEDURES FOR MEDICATION**
1. Use of Medicines – OPS policy requires written authorization from a physician and written parent permission for any prescription or over-the-counter medication administered to any student. No unauthorized medication (aspirin and cough drops included) will be administered by the school nurse or by any other school personnel. No OPS personnel will prescribe medication at any time.

When a student must take medication during the hours, adherence to the following procedures is strictly followed:
   a. The school must have written permission from the parents/legal guardian and a written physician statement which denotes when the medication is to be taken and the amount.
   b. The medication must be brought to the school by the parent/legal guardian or adult authorized by the parent/guardian. In the secondary schools, the medication may be brought to school by the student if parent permission and physician statement are available in the health office. Controlled substances, e.g., methylphenidate (Ritalin), codeine, etc., may not be brought to school by any student.
c. The label on the medication includes the student’s name, physician’s name, date and directions to be followed.
d. Expired and outdated medication will not be accepted or administered to students.
e. Non-emergency medication is stored in a locked area in the health office.
f. Emergency medication (e.g., epipens, inhalers, glucagon, and diastat) is stored in a secure but unlocked area in the health office.

2. A student may self-medicate if:
   a. The student’s physician has authorized self-medication, when it is to be taken, the dosage, and frequency of administration.
   b. The parent/guardian provides written permission.
   c. If a student uses his/her medication other than as prescribed, or endangers him/her or others, the student may be subject to disciplinary action by the school and may be prohibited from carrying medication.

3. A student may self-monitor a diabetic condition if:
   a. There is a written management plan developed by the school, physician, and parent/guardian designating the specifics of self-monitoring.
   b. The parent/guardian has completed a designated liability statement.
   c. If a student uses his/her medical supplies other than prescribed, or endangers him/her or others, the student may be subject to disciplinary action by the school and may be prohibited from self-monitoring the diabetic condition.

PHYSICAL EXAMINATION REQUIREMENTS

Students initially enrolling in school, entering the seventh grade, or transferring from out of state are required to have a physical examination by a licensed physician within six months prior to entrance and provide proof of such an examination. Parent/guardian may waive this requirement through a written waiver obtained at the school.

VISUAL EVALUATION REQUIREMENTS

A vision evaluation by a physician, physician’s assistant, advanced practice registered nurse, or an optometrist is required within six months prior to entrance into kindergarten or transfer from out of state. The evaluation will examine for amblyopia, strabismus, and internal and external eye health, with testing sufficient to determine visual acuity. Parent/guardian may waive this requirement through a written waiver obtained at the school.

NEBRASKA SCHOOL IMMUNIZATION LAW

Students are required to be immunized prior to enrollment and any student not in compliance will not be permitted to continue in school. The minimum immunizations required for enrollment are:

Additionally for 7th grade only: 1 dose TdAp (must contain pertussis booster) - this dose may be received any time after 10-11 years of age depending on which brand of vaccine is received

Exemptions will be granted for: (1) health reasons substantiated by a written physician’s statement; (2) religious conflict substantiated by a notarized affidavit from the parent/guardian.

If a student does not have proof of receiving all the State-required immunizations, provisional enrollment may be allowed when parents/guardians provide an immunization appointment date to their child’s school. Written verification from the Health Care Provider is necessary when the student returns to school after receiving the immunization.

If the child has begun receiving immunizations, he/she may be enrolled provisionally as long as he/she continues to receive immunizations. The parent/guardian must provide the school with the date when the student has an appointment to receive additional immunizations.

Special provisions are available for children of officers or enlisted persons on active duty in the military. Please contact your child’s school for further information.
SPECIAL EMERGENCY PROCEDURES

In the case of cardiac arrest, an Automated External Defibrillator (AED) may be administered by designated staff trained in CPR/AED to students as a life-saving measure. If a student sustains a life-threatening asthma attack or a severe allergic reaction (anaphylaxis), epinephrine and nebulized albuterol may be administered by trained staff. Emergency medical services will be called whenever an emergency occurs.

SCHOOL-BASED HEALTH CENTERS

To ensure students are healthy and ready to learn, the Omaha Public Schools partners with OneWorld Community Health Centers and Charles Drew Health Center to provide quality health care within eight School-Based Health Centers (SBHC) throughout the district. The SBHCs are staffed by licensed Advance Practice Registered Nurses and Physician’s Assistants that can diagnose, treat, and prescribe medications for many of the illnesses that keep children out of the classroom, in addition to giving school physicals, sports physicals, and administering immunizations as required by law for participation. With parent consent, any OPS student and their minor siblings may use the services provided in the SBHCs. The SBHC accepts Medicaid, Kids Connections, commercial insurance, or they can provide a low-cost sliding-fee schedule for uninsured children based upon family income and size. To enroll, the “School-Based Health Center Enrollment & Consent Form” must be completed by a parent/guardian, and returned to school. For enrollment forms and more complete information about hours, services, and cost, please visit www.ops.org/sbhc, or call your school nurse for assistance.

STUDENT RESPONSIBILITIES AND RIGHTS

You, as a student and as a citizen of the United States, have those rights guaranteed to all citizens by the Constitution and the Bill of Rights. Laws and court decision have defined some of the citizen rights relative to students in the specific areas of school placement, records, and discipline.

You, as a student and as a citizen of the United States, also have a responsibility not to interfere with another person’s exercise of constitutionally protected rights. To define this responsibility further:

A student does not have a right to engage in conduct or actions that would materially and substantially interfere with the requirements of appropriate discipline in the operation of a school.

A student’s basic responsibility in school is to act in a manner that enhances his/her and other’s opportunity to learn.

DUE PROCESS AND THE SUMMER SCHOOL STUDENT

Students attending school classes during non-traditional times, such as spring and summer sessions, are also held to the requirements of the Code of Conduct and Elementary Behavior Guidelines. However, disciplinary consequences may be limited to short-term suspension, long-term suspension and Expulsion from Summer School. Students have the right to a hearing if more than five days of the session are missed due to a disciplinary action.

SUSPENSION, EXPULSION, AND REASSIGNMENT

A principal (or designee) may determine that it is necessary to exclude a student from classes. The decision to exclude is made after the principal has investigated the facts, given the student oral or written notice of the charges against him/her, and provided an opportunity for the student to present his/her version.

The range of possible exclusions includes short-term suspension, emergency exclusion, long-term suspension, expulsion, or recommend reassignment. It is the principal’s responsibility to determine the type of exclusion and/or action recommended.

1. Short-term suspension may be for a period of time up to five (5) school days.
2. Emergency exclusion may be recommended for a period of time as long as the student’s presence in the school presents a danger to himself/herself or others.
3. Long-term suspension is for a period of time exceeding five (5) school days but less than twenty (20) school days.
4. Expulsion shall mean a student may not attend any school in the district for the period of the expulsion. However, an expelled student may, during the term of expulsion, participate in a district specified alternative school, class, or educational program. If misconduct punishable by a one semester expulsion occurs during the last 10 days of a semester, the expulsion will be for the remainder of the semester and the next semester or the remainder of the semester, summer school and the first semester of the next school year. No student may return to the school from which he/she was expelled. Any student expelled more than once during his/her high school enrollment years will be readmitted to a traditional building after completing coursework at Expelled Student Program (ESP) in areas specific to his/her need(s).
5. Reassignment means transfer to another school/facility within the system. No student may return to the school from which he/she was reassigned.

A student cannot attend school, take part in any school function including graduation ceremonies, or be on school property during the duration of a suspension, exclusion, or expulsion. The student may, upon request, have a hearing on the specific charges in cases of recommendations for long-term suspension, reassignment, exclusion or expulsion. Students are advised of this right when a principal decides to recommend one of the above actions. If a hearing is not requested within five school days the recommendation will go in effect.
If a student receiving special education services violates a provision of the Student Code of Conduct resulting in a recommendation for expulsion, mandatory reassignment, or a long-term suspension in excess of five consecutive days, an IEP Manifestation Determination (Due Process) meeting shall be convened within three working days of the recommendation. The IEP team shall determine if the conduct in question was caused by, or had a direct and substantial relationship to the student’s disability and will also determine if the conduct in question was a direct result of the school district’s failure to implement the IEP.

SECONDARY SCHOOL NOTICE

Sexual harassment of students is strictly prohibited.

Sexual harassment of students is strictly prohibited by the Omaha Public Schools. This prohibition applies to all school employees, school visitors and students.

What is sexual harassment?

Prohibited sexual harassment is of two types:

1. Conditioning a student’s participation in a school program or activity or making a school decision based on the student’s submission to unwelcome sexual advances, requests for sexual favors, or other verbal, nonverbal, or physical conduct of a sexual nature.

2. Unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature that is sufficiently severe, pervasive and objectively offensive to undermine and detract from the student’s educational experience in such a way that the student is effectively denied equal access to a school’s resources and opportunities.

Examples of sexual harassment by an employee or visitor

Prohibited acts of sexual harassment can take a variety of forms ranging from subtle pressure for sexual activity to physical assault. Sexual harassment includes, but is not limited to, the following:

- Pressure for sexual activity;
- Conversation with students substantially using sexually derogatory or demeaning language or any conversation designed to induce a student to engage in sexual activity with the employee or visitor;
- Suggesting or demanding sexual involvement accompanied by implied or explicit threats or promises concerning a student’s grades, participation in cocurricular activities, etc.; and
- Subjecting a student to sexual contact which is defined as follows:

  Sexual contact means the intentional touching of the student’s sexual or intimate parts or the intentional touching of the student’s clothing covering the immediate area of the student’s sexual or intimate parts. Sexual contact also means the touching by the student of the employee's sexual or intimate parts or the clothing covering the immediate area of the employee's sexual or intimate parts when such touching is intentionally caused by the employee. Sexual contact includes only such conduct which can be reasonably construed as being for the purpose of sexual arousal or gratification of either party. Intimate parts mean the genital area, groin, inner thighs, buttocks, or breasts.

Examples of sexual harassment by another student

Sexual harassment of one student by another takes many forms. It includes, but is not limited to, the following behaviors when they are sufficiently severe, persistent or pervasive to adversely affect a student’s education or create a hostile or abusive educational environment:

- Explicit and offensive sexual references or gestures;
- Name calling or taunting on the basis of a student’s gender;
- Unwelcome, intentional touching or grabbing of another student’s intimate parts or the clothing covering a student’s intimate parts;
- Language of any kind, including graffiti, which is disparaging or demeaning to others on the basis of their gender identity such as sexual epithets or vulgar or profane jokes; and
- Any other verbal or physical conduct which, judged from the perspective of a reasonable student of the same gender identity as the student claiming he or she was harassed, creates a sexually hostile environment.

What should a student do if the student thinks he or she has been sexually harassed?

If a student has reason to believe that he or she has been or is a victim of sexual harassment, the student should immediately contact:

- The building principal;
- The student’s counselor;
- One of the student’s teachers, or
- The Director of the Office of Equity and Diversity, Omaha Public Schools, 3215 Cuming Street, Omaha, Nebraska 68131. (The Director of the Office of Equity and Diversity is the Omaha Public Schools Title IX Coordinator.)

When and where are students protected?

The law protects students in connection with all of the academic, educational, extra-curricular, athletic, and other programs of the school, whether they take place in the school, on a school bus or van, at a class or training program sponsored by the school at another location, or elsewhere.
What will happen once the student has contacted a school official about sexual harassment?

The student’s complaint will be thoroughly and immediately investigated. If the complaint is about a student, the principal or an assistant principal will investigate to determine if sexual harassment occurred. If a decision is made that the student was sexually harassed, the sanctions provided for in the Student Code of Conduct will be used.

If an employee becomes aware of allegations of sexual harassment of a student by an employee, or if a student becomes aware of such conduct toward another student, or toward himself/herself, he/she should report the matter immediately to the principal who shall in turn immediately report the matter to the Assistant Superintendent for Human Resources.

Any employee who becomes aware of such allegations shall also personally assure that the matter has been reported to the Child Protective Services (1-800-652-1999) or appropriate law enforcement within 24 hours of receipt of such allegations. Human Resources (402-557-2310) will investigate to determine if the alleged conduct constitutes a violation of District policies, procedures or regulations that require personnel action. If the employee whom a report of sexual harassment is made is not assigned to a particular building, he/she should report the matter immediately to the principal of the building the student is assigned to. If the matter involves a former student, it should be report to the accused employee’s immediate supervisor.

If the complaint is about a visitor to school (any person other than a school employee or student), the principal will report the matter to the Director of the Office of Equity and Diversity who will then investigate to determine if sexual harassment occurred. If a decision is made that the student was sexually harassed, appropriate steps will be taken to assure that the visitor will not again harass any student at school.

All investigations will be handled confidentially and as expeditiously as possible. Barr ing unusually complex or difficult allegations, an investigation would normally be completed within two weeks. Should the allegation concern or the investigation reveal possible criminal misconduct, appropriate law enforcement officials will be contacted immediately. To the extent permitted by law, the complaining student will be notified of the results of the investigation. If the student needs some extra help to deal with the impact of the harassment, the Omaha Public Schools will work with the student’s family to help the student. Any retaliation against the student for making a complaint is also strictly prohibited. If the student thinks he or she is being retaliated against, the student should inform the building principal or the Director of the Office of Equity and Diversity immediately. Appropriate steps will be taken immediately to end any retaliation.

What may a student do if the student is not satisfied with the results of the investigation of his or her complaint?

If the student is not satisfied with the response of the principal, Director, or Assistant Superintendent to his or her complaint of sexual harassment, the student has the right to appeal directly to the Superintendent of Schools of the Omaha Public Schools, 3215 Cuming Street, Omaha, Nebraska 68131 (402-557-2001). The appeal may be filed at any time. If the student is not satisfied with the Superintendent’s decision, the student may appeal the Superintendent’s decision to the Board of Education by a written appeal through the Board of Education. There is no time line for the appeal to the Board. The Board’s address is also 3215 Cuming Street, Omaha, Nebraska 68131.

How can a student or parent obtain a full copy of the OPS Policy on sexual harassment?

The OPS policy on sexual harassment is contained in Sections 6.07 and 10.05 of the Policies and Regulations of Douglas County School District 001 (Omaha Public Schools) and in the Student Code of Conduct Guidelines Section 1.m. Copies of these documents are available in each school’s main office. The school’s student handbook also contains the Student Code of Conduct.

Who can a student talk to if the student has any questions about this Notice?

If a student has any questions about this notice or about the School District’s prohibition on sexual harassment, the student should contact the building principal or the Director of Equity and Diversity.

ADVERTISING IN THE SCHOOLS

Students, staff members, or the facilities of the schools may not be used in any manner for advertising or promoting the interests of any community or non-school agency or organization without approval of the Board of Education. Exceptions to the above rule are:

a. The Superintendent of Schools or designee may cooperate in furthering the work of any nonprofit, community-wide social service agency provided such cooperation does not infringe on or diminish the amount of time devoted to the school program.

b. Any person or organization seeking to distribute flyers or announcements concerning nonschool events to a substantial number of students must contact the Office of District Communications. This office provides a monthly publication that serves as a vehicle for community information and is distributed to all elementary students in the school district.

c. The Superintendent of Schools or designee may authorize the use of films, videos, compact discs and materials which simply bear the name of the production company, but which do not in any way involve a program or the pressure of any agent in classrooms. Any appeal by a student from a determination by the Office of the Superintendent that the material the student submitted may not be distributed shall be heard and decided by the Board of Education within five school days or receipt by the Secretary of the Board of a written request for a hearing before the Board.

d. Elementary and middle schools may produce school newsletters and/or newspapers, but may not sell advertising for these publications. However, because of some secondary specialized curriculum areas (e.g., journalism, theater, performing arts, etc.), advertising space for publications such as student newspapers, sports rosters, theater productions and yearbooks is permitted. The middle/high school principal will have final approval of all advertising in all school publications.

With the exception of district-approved Adopt-A-School partners, no school district property, equipment, facility or space may be utilized for advertising purposes.

ACCREDITATION

All of the Omaha High Schools are accredited by the AdvanED and the State Department of Education.

THE SCHOOL DAY

Each school has its own time for allowing students to enter the building in the morning. Do not loiter in halls or restrooms before, after, or during school.

You must be in your assigned room, in your seat, and quiet when the tardy bell rings. If you are late to school, report to the announced place or places for a tardiness admission form. Ample time is allowed between classes. If detained by a teacher, you must get a pass from that teacher. Tardiness to class is handled by the teacher. Repeated unexcused tardiness will result in disciplinary action.

All students leaving school grounds for any reason during their school day must sign out in a designated office. No student is to leave school during the day without permission from a principal, assistant principal, counselor, or school nurse.

SECRET ORGANIZATIONS

Under state law, it is “unlawful for the pupils of any public secondary school to participate in or be members of any secret organization.” The Board of Education is empowered to deny to any student who violates the law any or all privileges of the school, or it may expel such student for failure to comply with the law.

ACCIDENT INSURANCE

At the beginning of each school year, all students are given the opportunity to purchase group accident insurance through a private company. The fee is small for the coverage provided. The student is covered for travel to and from school, activities during the school day, school-sponsored events, and all athletic participation except football. Insurance for football may be purchased at a higher rate. Schools do not carry insurance on students, their vehicles, or their personal property.

STUDENT MEALS

Students in the Omaha Public Schools can apply for free or reduced price meals. The application form, which is provided and available online, is to be completed by your parents or guardian. They will complete only one application per household. Applications must be filled out every year.

The completed application is given to the school or Nutrition Services office. The information supplied by your parent or guardian is evaluated and eligibility is then determined.

If there is a decrease in family income or an increase in family size or your family qualifies for SNAP, TANF OR FDPIR, another application may be submitted. Otherwise, the approval is good for the entire school year regardless of circumstances.

The federal government requires the school district to verify the information on a designated number of meal applications each year. Families will be contacted if their meal application has been selected.
The U.S. Department of Agriculture prohibits discrimination against its customers, employees, and applicants for employment on the bases of race, color, national origin, age, disability, sex, gender identity, religion, reprisal, and where applicable, political beliefs, marital status, familial or parental status, sexual orientation, or all or part of an individual’s income is derived from any public assistance program, or protected genetic information in employment or in any program or activity conducted or funded by the Department. (Not all prohibited bases will apply to all programs and/or employment activities. Race, color, national origin, age, disability and sex are the six protected bases for applicants and recipients of the Child Nutrition Programs.)

If you wish to file a Civil Rights program complaint of discrimination, complete the USDA Program Discrimination Complaint Form, found online at http://www.ascr.usda.gov/complaint_filing_cust.html, or at any USDA office, or call 866-632-9992 to request the form. REQUIREMENTS FOR STUDENTS TO PARTICIPATE IN ATHLETICS AND CO-CURRICULAR ACTIVITIES

It is the practice of the Omaha Public Schools that any student who wishes to participate in athletics and co-curricular competition must have passed a minimum of four credits the semester preceding participation and must have a current school physical. For the purposes of this practice, co-curricular activities are those which involve competition with other schools and generally meet outside of the school day. This procedure does not apply to first semester co-curricular participation for ninth grade students.

It is the position of the Omaha Public Schools that it is important to support the total student. Expectations for our youngsters’ participation in co-curricular activities include not only behavior at school or at school functions and events, but go beyond the school day and into the community.

Coaches have the responsibility, pursuant to the Student Code of Conduct to impose participation restrictions or eligibility restrictions for participation in co-curricular activities on students for inappropriate behavior. It is the policy of the Omaha Public Schools that any student participant in co-curricular activities and athletics who engages in a brawl, melee, fight or similar inappropriate behavior that arises while the student is participating in, or attending, a game or event may be suspended from participation in co-curricular and/or athletics competition for up to 90 activity days. All coaches, activity sponsors or staff responsible for co-curricular and athletic activities should be notified of this participation restriction, and should notify students and parents immediately of this participation restriction.

If such behavior occurs, it is the responsibility of coaches, activity sponsors or staff responsible for co-curricular and athletic activities to (a) investigate the alleged misbehavior; (b) give the student written or oral notice of the charge against him/her; (c) explain the evidence against the student; (d) give the student a chance to tell his/her version of what happened; and (e) decide whether, in fact, the student violated this participation rule.

The student has the right to appeal the individual coach’s, activity sponsor’s or responsible staff’s decision to the principal.

ATHLETIC INSURANCE COVERAGE

All members of athletic squads will need to have accident injury insurance coverage. The purpose of such insurance coverage is to provide coverage in the event of accidental injury. Your school, acting for members of the athletic squad, makes available an Athletic Injury Benefit Plan approved by the Omaha Board of Education. The total premium is paid by the student or parent. If you have your own insurance coverage you must name the insurance company and provide the policy number.

OMAHA PUBLIC SCHOOLS ACADEMIC ELIGIBILITY FOR HIGH SCHOOL STUDENTS WHO PARTICIPATE IN ANY SANCTIONED ACTIVITIES SPONSORED BY THE NSAA

I. PURPOSE
To delineate system-wide academic eligibility guidelines for students who participate in Nebraska School Activities Association (NSAA) sanctioned activities.

II. BACKGROUND
This policy will outline academic eligibility procedures to be used by high school students who choose to participate in any NSAA nonathletic and/or athletic extracurricular activity. Additionally, there is an expectation that there will be extracurricular activities with open enrollment in all Omaha Public Schools (OPS) high schools, thereby creating opportunities for participation for all students regardless of academic eligibility. The sanctioned NSAA activities are as follows: cross country, football, golf, softball, tennis, volleyball, basketball, swimming, wrestling, baseball, soccer, track & field, debate, journalism, music, play production and speech.

III. DEFINITIONS
A. Extracurricular Activities Requiring Academic Eligibility is defined as sanctioned NSAA activities (see above listing.) The activities, whose sponsor receives a qualifying intramural unit of salary, listed as nonathletic and athletic in the Negotiated Agreement between the Omaha Education Association and the Omaha Public Schools Board of Education does not require academic eligibility.

B. Eligibility Period is defined as the one quarter prior to the season in which the student is participating and continues until the next quarter report card is issued during the extracurricular activity defined above. For the purpose of the eligibility period, summer school will be considered the quarter term prior to the first quarter of the fall season for students who are enrolled in summer school.

C. An Audit course is taken for no credit and is not a part of a student’s grade point average (GPA).

IV. PROCEDURES
A. Eligibility
1. **No pass, no play.** All middle and high school students participating in, or who plan to participate in sanctioned NSAA activities, must maintain a passing grade in every class for the eligibility period.

2. **Previous and Current 2.0 Term (quarter) GPA or above OR Cumulative GPA of 2.0 or above.** Students who have earned a Term (quarter) GPA of a 2.0 or above in the previous grading period (quarter) will be academically eligible to participate during the next grading period (quarter) in any sanctioned NSAA activity OR have a Cumulative GPA of 2.0 or above.

3. Grades reported as incomplete (INC) as a result of district excused absences shall be considered passing grades until changed. Incomplete grades that are not changed to a passing grade within ten school days after report cards are issued will be considered failing grades for eligibility purposes until they are changed.

4. **Students Withdraw from Courses**
   a. A student may withdraw from a course within 15 school days from the beginning of the course or less without penalty.
   b. A student must be enrolled in a minimum of six courses per semester. Seniors must have their schedules meet the approval of their guidance counselor, and should be enrolled in a minimum of four courses per semester.
c. When a student withdraws from a course after 15 school days after the start of the course, the student will be given a drop grade at the time of the withdrawal from the course, and that grade will be factored into the grading period average.
5. When a student transfers into an OPS high school, the grades from the previous high school will be used to determine academic eligibility.
6. Within the week that the quarter report card is issued, each activity sponsor, athletic director, or coach will verify student’s academic eligibility for sanctioned NSAA activities. To continuously monitor grades in between grading periods, the Academic Coaching Program will provide grade reviews every two to three weeks.
7. Students enrolled in less than a full day schedule must pass each course and maintain a 2.0 average to be eligible.
8. High school students who do not maintain a Term (quarter) GPA of 2.0 or above during the final (fourth) grading period will not be eligible in the fall unless they take summer school. All students have the opportunity to retake any course that they earn a "D" or "F" to replace this grade with a higher grade.

B. Exceptions
1. This policy does not govern activities related to course objectives or extension of a graded course or of a high school credit course e.g., concert or drama presentation, that would adversely affect the student’s grade.
2. An unsatisfactory evaluation in an audit course is not considered failing for student eligibility.
3. Students who have an Individual Education Plan (IEP) will be exempt from the Term GPA 2.0 (quarter) and no pass, no play requirements. Students with an IEP must continue to meet the NSAA requirement of passing four classes during the prior (quarter) term.
4. In cases where there are extenuating circumstances, students who do not meet the Term (quarter) GPA 2.0 requirement and/or are failing courses and who wish to participate have the option to use a waiver available to them one time during their high school years. A student can only use the waiver one time. If he or she is participating in intervention and/or support programs. The waiver may be used as long as all other NSAA requirements are met. The waiver is approved or denied by the building principal or the principal’s designee.

C. Local School Responsibilities
1. Schools (middle and high school) shall communicate in writing to students and parents a list of opportunities for all students to participate in extracurricular activities and a copy of the OPS academic eligibility requirements for NSAA sanctioned activities. In addition, parents/guardians shall also receive a copy of the OPS Academic Coaching Program brochure.
2. Schools must have the OPS Academic Coaching Program in place to help students retain or regain academic eligibility for all NSAA sanctioned activities.
3. Schools shall evaluate the effectiveness of their OPS Academic Coaching Program annually.

V. IMPLEMENTATION PRACTICE
A. The policy will be phased in the following manner:
• 2013-2014: Academic Coaching Program implemented at all seven high schools.
• 2014-2015: Beginning with the freshmen class of 2018, each student participating in sanctioned NSAA activities will participate in the Academic Coaching Program if the student has one or more failing grade(s) and his/her Term (quarter) GPA is below a 2.0. Any student failing more than one course will be ineligible to participate in competition until the next grading period (quarter) in which the student will need to demonstrate that he/she is passing the course and is in passing status of all courses.
• 2015-2016: Beginning with the freshmen class of 2019, each student participating in sanctioned NSAA activities will participate in the Academic Coaching Program if the student has one or more failing grade(s) and his/her Term (quarter) GPA is below a 2.0. Any student failing any courses will be ineligible to participate in competition until the next grading period (quarter) in which the student will need to demonstrate that he/she is passing the course(s) and is in passing status of all courses.
• 2016-2017: Beginning with the freshmen class of 2020 and beyond, each student participating in sanctioned NSAA activities will participate in the Academic Coaching Program if the student has one or more failing grade(s) and his/her Term (quarter) GPA is below a 2.0. Any student not meeting the Term (quarter) GPA 2.0 or is failing any course will be ineligible for competition until the next grading period (quarter) when the student will need to demonstrate a Term (quarter) GPA of 2.0 or above OR a Cumulative (CUM) GPA of 2.0 or above and not failing any courses.
• Every student is required to meet the sanctioned NSAA activities requirements.

Academic Coaching Program
The Omaha Public Schools Board of Education will require beginning with the 2014-15 school year that all students involved in Nebraska School Activities Association (NSAA) activities will participate in the Academic Coaching Program. Please refer to the NSAA webpage, at www.nsaahome.org for additional details regarding NSAA Sponsored Activities.

The NSAA Activities are:
• Cross Country
• Football
• Girls Golf
• Softball
• Boys Tennis
• Volleyball
• Basketball
• Swimming
• Wrestling
• Baseball
• Boys Golf
• Soccer
• Girls Tennis
• Track and Field
• Debate
• Journalism
• District Music Competitions
• Play Production
• Speech

The Goals for Academic Coaching:
• To enhance academic achievement opportunities for all OPS students participating in sanctioned NSAA activities.
• To assist incoming freshmen with the transition from middle school to high school.
• To increase communication between the school guidance directors, athletic directors, teachers, coaches and students participating in sanctioned NSAA activities regarding eligibility for Division I or Division II and other post-secondary options.

Academic Coaching Requirements for NSAA Activities:
• Beginning in the in the 2014-2015 school year, freshmen students participating in sanctioned NSAA activities will be required to attend a two-hour weekly session until quarter report cards are issued unless based on their 8th grade last quarter Term GPA, they have earned a 2.0 or above and have no failing courses. For students who are required to participate in the Academic Coaching Program, their grades will be checked at the conclusion of the first quarter to determine whether or not they are required to continue with the program. Only freshmen students, who have a “D” or “F” or whose Term GPA is below a 2.0 will continue to attend Academic Coaching sessions until the student is passing all courses and the Term GPA at the next quarter grading period is at or above at 2.0. The minimum number of academic coaching sessions per week is one two-hour session; however, some students who are failing may need to attend up to three two-hour academic tutoring sessions. Any freshmen, at any time, are welcome to attend the Academic Coaching.
• At each grading period, or every two to three weeks, the academic coach will complete a grade review for each student participating in sanctioned NSAA activities. If a student—grades 10th, 11th, and 12th—has two or more failing grades or has a GPA below a 2.0, he/she will be required to attend the academic coaching session until the next grading period, upon which the student should be able to demonstrate mastery of the failing courses. The above-mentioned students (grades 10th, 11th & 12th) who are in season are required to attend the two hour weekly academic coaching session after practice. A meal will be provided for the students following practice. If the student (grades 10th, 11th & 12th) is not in season, he/she will be required to attend the two hour weekly academic session after school and be eligible to ride the late activity bus home.
• Any grades 10th, 11th & 12th student-athlete who is above a 2.0 or not failing coursework is also welcome to attend at any time an academic coaching session, but it is not required.

Content of Academic Coaching Sessions
The academic coaches will provide assistance to students in all of the following areas:
• Provide study, test-taking (ACT), organizational and time management skills.
• Monitor academic progress to assist in helping students achieve academic success during their high school experience.
• Assist students in preparing for post-secondary educational and extracurricular opportunities.
• Guide students in their understanding of college/university requirements, including, but not limited to, the rules and regulations of the National Association of Intercollegiate Athletics (NAIA) and the National Collegiate Athletic Association (NCAA).

Estimate of costs for Academic Coach Program for all students participating in NSAA activities:
• Suggested amount would be $250,000 annually to adequately serve the students participating in sanctioned NSAA activities.

Proposed Academic Coaching Budget:
• Facilitates the FTE to support the weekly academic content sessions for all students participating in sanctioned NSAA activities.
• Provides meals to students following practice.
• Offers transportation after in-season practice academic sessions.

N.C.A.A. ELIGIBILITY REQUIREMENTS
In order to practice and play as a freshman at an NCAA Division I or Division II college, the student-athlete must satisfy the requirements of NCAA. In order to be certified by the Clearinghouse, the student-athlete must:
1. Graduate from high school.
2. Earn a grade-point average of at least 2.0 (based on a maximum 4.00 in a core curriculum of at least 16* (2008) classes for Division I and 14 classes for Division II, which are successfully completed during grades 9 through 12). Only courses that satisfy the NCAA definition of a core course can be used to calculate your NCAA grade-point average. REPORT CARDS AND PROGRESS REPORTS

Report cards are designed to help students and parents measure the progress toward the goals and objectives of the subject. These evaluations will be made four times a year at the end of each quarter. Since this report is for you and your parents, it becomes your property for whatever use you desire. Report cards may be withheld if you have not paid your fines or met your other obligations.

Student progress reports are given during the middle of each grading period. This form is used to report all progress and achievement. Your parents can make an appointment with either your teachers or your counselors to discuss your progress at any time.

TEXTBOOKS

Textbooks are supplied by the Omaha Public Schools. It is your responsibility to provide appropriate covers on books at all times. Books must be returned in good condition when checked in to the teacher. You must pay for lost and/or damaged books. Notebook paper, pens, portfolios, etc., are available for purchase in the school store.

COLLEGE ADMISSIONS TESTING PROGRAMS

If you plan to continue your education beyond high school, you may be required to take one or more of the College Entrance Examination Board Tests – The Scholastic Aptitude Test (SAT) and Achievement Tests in various subjects or the American College Test (ACT) – a test battery consisting of tests in English, mathematics, social studies, and natural sciences.

Most colleges and scholarship sponsors ask for applicant’s subject scores on one or more of these tests. College admissions officials and scholarship program sponsors use the test scores, your school record, and other criteria to assess your ability to do college work and to assist in placement in an appropriate program of study on campus.

To decide if you should take one or more of these tests, you must know the test requirements of the colleges and scholarship programs in which you are interested. Counselors will help you to find this information or you may write directly to the colleges or scholarship program sponsors.

These tests are usually taken by interested students during the second semester of the junior year or the first semester of the senior year. Full information about these tests, including fees, location of test centers, and testing dates, is given early in the school year. This information is also available in the guidance offices.

Seniors who qualify for participation in the University of Nebraska (Lincoln and Omaha) Regents Scholarship competition are informed at the appropriate time each school year.

The combined Preliminary Scholastic Aptitude Test (PSAT) and National Merit Scholarship Qualifying Test (NMSQT) is given on a specified national testing date. Eleventh grade students who take these tests are informed about test registration procedures well in advance of the testing date. The National Merit semi-finalists are determined on the basis of these test results.

COMMUNICATION

Establishing good communication with students is a major goal, one which the school considers an important factor in a student’s educational success. Teachers, counselors, and principals strive to answer questions and correct misinformation by maintaining an “open door” policy with students. You are encouraged to ask questions. You are invited to seek the counsel of any of these school people to help solve your problems.

One secret of a student’s success in school is correcting problem situations early. The way to do this is to talk with the teacher involved or to seek the advice of a counselor. Students often wait when they have difficulty in a class, thinking they will be able to help themselves without assistance. Often, however, the problem gets worse, and the student can see no answer. Showing your concern and need for help early is encouraged. Your teacher is there to help you.

Parents will have the opportunity to meet their child’s teachers and discuss progress at Parent-Teacher Conferences scheduled during the school year. Also report cards will be distributed to parents at these conferences.

Your parents will be welcomed at any time they wish to visit the school. Their telephone calls will be referred to the person who can provide the information they seek.

There is a daily bulletin read each morning. It is also posted on bulletin boards. Notices for the bulletin must be approved by a principal and be in the office the day before publication.

Newsletters mailed to parents and school websites are other means of communication with the home. The
and in a manner designated by the school officials.

The principal or his/her designee (School Support Liaison, Administrator and/or School Counselor) will schedule the exit interview which must be personally attended by: (a) the child, unless the withdrawal is being requested due to an illness of the child making attendance at the exit interview impossible or impracticable; (b) the person who has legal or actual charge or control of the child who requested the exit interview; (c) the child’s principal or the principal’s designee if the child at the time of the exit interview is enrolled in a school operated by the school district; (d) the School Counselor; and (e) any other person requested by any of the required parties.

During the exit interview, the person making the written request shall present evidence that (a) the person has legal or actual charge or control of the child and (b) the child would be withdrawing due to either (i) financial hardships requiring the child to be employed to support the child’s family or one or more dependents of the child or (ii) an illness of the child making attendance impossible or impracticable.

During the exit interview, the School Counselor will identify all known alternative educational opportunities, including vocational courses of study, that are available to the child in the school district and how withdrawing from school is likely to reduce potential future earnings for the child and increase the likelihood of the child being unemployed in the future. Any other relevant information may be presented and discussed by any of the parties in attendance.

At the conclusion of the exit interview, the person making the written request may either sign the withdrawal form provided by the school district or may rescind the written request for the withdrawal. The withdrawal form signed by the person making the written request is valid only if (i) the child signs the form unless the withdrawal is being requested due to an illness of the child making attendance at the exit interview impossible or impracticable; and (ii) Principal or the Principal’s designee signs the form acknowledging that the interview was held, the required information was provided and discussed at the interview, and, in the opinion of the Principal or the Principal’s designee, the person making the written request does in fact have legal or actual charge or control of the child and the child is experiencing either financial hardships requiring the child to be employed to support the child’s family or one or more dependents of the child or an illness making attendance impossible or impracticable. The signed withdrawal form is forwarded to the Student Information Services office to be entered into the data management system and reported to the Department of Education.

Students who have withdrawn may re-enter school the following semester by contacting the last school attended, or the Student Placement office at 402-557-2710. Contact should be made prior to the start of the semester.

The use of drugs, alcohol, controlled substance, imitation controlled substance or abuse of non-controlled substance in the school is forbidden. Possession or use of a controlled/imitation controlled substance will result in the recommendation for long-term suspension and completion of a District substance abuse assessment.

Students involved in the use/abuse of such substances are advised to contact the School Counselor for information on agencies that provide counseling programs for youth with alcohol and drug problems.

STUDENT UNPAID OBLIGATIONS – FINES, FEES, ETC.

Students are required to assume the responsibility for their actions. This may include, but not necessarily be limited to obligations for: (a) the loss or damage to school owned supplies and/or equipment; (b) fines resulting from the late return of library books; and (c) any other fines/fees as permitted under state statutes. A fee will be assessed for returned checks ($20.00) and refund requests ($5.00.)

Those students who fail to meet their obligations listed above or others as indicated in the student handbook will be subject to the following restrictions until such time as the financial obligations are met:

1. The student and his/her parents or legal guardians shall not receive an official transcript. An official transcript will only be issued to a school to which the student transfers. The student and his/her parents or legal guardians may review the student’s permanent record by following the established practices and procedures.
2. The student’s name may not appear on the school’s honor roll and the student may not receive any other academic recognition provided through the school.
3. The student may be ineligible to participate in any activity or on any team that represents the school.
4. The student may be ineligible to receive any awards.
5. The student, upon becoming eligible for graduation, will not receive a diploma.

Upon payment of all outstanding debts, the student will be eligible to receive any or all of the above at a time and in a manner designated by the school officials.
FIRE DRILLS

In conformity with the regulations of the Nebraska State Fire Marshal, each school is required to hold fire drills. Upon the sounding of the fire drill signal, all students are dismissed immediately and are to follow, under the leadership of the teacher, the exit instructions that have been issued. Your books and wraps are to be left in the classroom; purses should be taken with you; the classroom door should be closed upon vacating the room. Remain alert, calm, and quiet as it may be necessary for a change in exit instructions to be given over the P.A. system. Avoid crowding, pushing, or shoving. Under the guidance and leadership of the teacher, students should remain in the assigned sidewalk area until the “all-clear” signal is sounded.

WEATHER AND STORMS

The Omaha Public School policy recognizes the right and the responsibility of parents in the matter of school attendance when inclement weather exists. In case of extreme winter weather conditions, announcements of school closings will be made by radio and television stations no later than 6:00 a.m. Any change in dismissal time will also be announced.

If the school is alerted to an approaching tornado, immediate directions will be announced over the P.A. system. Specifically, students will move quickly to sheltered areas – away from windows, into interior hallways and lower floors, assume a seated or crouched position with head lowered until the emergency has passed.

In cases of emergencies or of impending disaster, the classroom teacher is responsible for giving specific instructions for student safety.

BREAKFAST AND LUNCH TICKET PROCEDURES

Breakfast is available at no charge to students. A variety of items are available, of which, each student must choose a minimum of three components.

To determine if a student qualifies for free or reduced price meal benefits, a meal application must be submitted or the student must be directly certified by the Nebraska Department of Health and Human Services.

The following procedural guidelines must be followed:
